

Chats with Joachim n others about Masters, samadhi, work..–

Joachim M Werdin : OK... Master..

*if you don't mind.. I dont prefer being called master..
coz it brings up egos in normal peoples

i already get too much abuse n accusation of arrogance n all that..
N i dont like attention
Haha
Thank u

Joachim M Werdin : You say that because:

1. you have not recognized yourself;
2. you do not Love yourself sufficiently

*No sir..
I say coz of peoples reactions around
Thats all

Joachim M Werdin : Well, if you decide to modify your behaviour due to people's reaction, that is you choice. Then you play hidden.
☺

*Yes i always did play hidden.. hahaha

Joachim M Werdin : ☺ Ravi...

A question [with a million rupee price]:

Who would want to call you a Master ?

*A master

Joachim M Werdin : More extended answer:
The one who recognize what you really are, and Loves you.
[So, you won only a hundred thousands rupees]
☺

*Hahaha
Oh.. i missed the small print...

you are also a master of short form
So i didnt extend..

Its ok.. [I'm also a master of frugality
100k is more than enough hehehehehe]

Joachim M Werdin : Of course.
Whatever, in my eyes you are prefect now.

*I want to love all people more n share more love with them..

After all they are all our-Self
So in that extended way..

Yes.. you are also right..

I want to more love myself more.. including more of myselfs.. hahaha [and never satisfied..]

That is the correct.. non-dual view.. no and yes.. both all-inclusive..

Hahahha

Also that implies that it is understood..

All masters are one .. love is inherent.. or even a non fact.. as we are all one

.. so your extended answer is *not* required

[1 million plus fine to quiz master.. hahahhhaha]

Joachim M Werdin : Why not to try this social experiment:

Go outside on the streets and shout:

"I am the Master Creator!"

I would be glad to see a video recording ☺

*Here they would have atleast 2 reasons to lock me up..

For violating corona lock down.. and for mental instability treatment

Hahahaha

Besides i told you.. i dont like publicity..

I helped my friend once..

He dressed up as a white saint-shaman n went to preach about lakes n trees in the village

I also spoke to som villagers on the side

One mother and some kids got the messages very well

One drunk had a heated discussion with me..

Almost aggressive so i diffused it

But he did bring up an obvious point i had missed and was confused about in my lake observations at the time

The whole universe is the one-all-master

Haha

<https://www.youtube.com/watch?v=VZ4fO3WBjdc> – this was my friend as nature preacher swamy

<https://www.youtube.com/watch?v=m92pYX4nN7E> – here he is telling people not to cut trees

<https://www.youtube.com/watch?v=eiZd2KPIcag> – this was the drunk I entertained without anger

[silly fellow didnt discuss with me properly.. he put my life more at risk.. as I was the tree cutter.. Hahaa.. there are good n bad trees.. some drink 150 litres water a day.. local species only 15 litres]

<https://www.youtube.com/watch?v=RJCet70vA6g> – this was the lake when clean [now very dirty]

<https://www.youtube.com/watch?v=d69JlynSnmE> – kids boating on the lake..

these were some of my suggestions to friends on saving lakes-

<https://www.youtube.com/watch?v=3dWfjL50i4Q> & <https://www.youtube.com/watch?v=OD4-p2QtLpo>

it came on local kannada language tv also - <https://www.youtube.com/watch?v=XjEERqAE7-4>

Joachim M Werdin : thanks for all the links

How about if I dress in white and go to preach in your city ☺

*Surely some people would gather and follow you ..especially as you are white skinned.. already a god..

Its what jesus and others did isn't it.. preached..

Joachim M Werdin : That is interesting.

BTW, many so-called "mental insane" people are, in fact, much more in reality than most of the society is.

*hahaha True definitely..

If u wish i wud help u for sure
I just dont want to be the main guy with all attention..
Hehe..
I could take the videos ☺

White or orange dress?

Joachim M Werdin : Whichever one is more suggestive?

*Orange is louder ..more visible.. n holds more history and baggage

White can be many things.. if you want to be more signifying as purity and truth and peace
But if you prefer to set people on fire.... hehe..

Joachim M Werdin : Wow, I was not aware of those meaning.
Indeed, India is so full rich or history and ancient knowledge.

*Budhist monks also wear red.orange first no
Those are the most common n visible

White is worn by many people..
Politicians.. muslims.. pentecostal christians..

Activists.. n others.. also saints n sages..
Usually theirs is a more dirty white as they have only one piece of cloth and don't bother so much..

Joachim M Werdin : In China they use different colours, could be orange, yellow or grey.

* I thought grey was for martial arts monks..

Joachim M Werdin : How about if I just go naked?

There is a video on youtube where a man is walking naked, he just came out from a jungle.
Many people bowed to him with heights of respect.

*Hahaha.. police...
You would have to do some magic if you dont want to go to jail

Where was this video.. please share
Maybe he was like a shaman..

Joachim M Werdin : It was several years ago, on youtube. They wrote that he was a saint living in a jungle
and according to his beliefs, he refused to possess anything, not even a cloth.

*then what did they do with him?

Joachim M Werdin : it was a short film, maybe 2 minutes, he was walking on the street in the city. People were bowing in front of him.

*if you say you are a saint.. always some will follow you

but i dont encourage followers..

Each one is a master creator

you also say so

Joachim M Werdin : People will follow unless we chase them away.

*its human mob-mentality programming

Joachim M Werdin : Indeed.

I think they might kill me ☺

*I can protect you dont worry

Also we are way past crucifications and tortures atleast in public..

Maximum they might try assasination..

This also can be sensed in advance

Still.. all that is only after an extended progression of such a drama.. seriously..

And only if you dont pay the corrupt govt

Even if you involve them its still a very possible end-story result :p

For the initial few experiments its not a worry at all

Also we could ourselves stage a mental assylum take away drama ..any time you want to discontinue

It could also be a strong questioner to those who had become your followers [even if they benefited from it]

If we throw around leaflets from the ambulance

With you Saying..” dont believe me..”

Hahaha

Joachim M Werdin : ☺

*if you are a master you will have sheep

so again.. i ask.. are you helping sheep to gather or to gain self-mastery..

Joachim M Werdin : No, an aware (wisdom-full) teacher Master does not have but the heard-master has.

* why to confuse them..

Joachim M Werdin : As I already told you, just sharing information.

*yes.. thats what i also do..

*but the word master..

i dont prefer the word master - too much baggage
hearing it ignites the impulse to bow down

it's many millenias of slavery mentality ingrained into peoples psyche
instigates instinct for people to fall on their faces

Joachim M Werdin : "master" is just a technical term, a title
However, it is a fact, that some people fear titles, not only "master" they also fear or over-estimate other
titles, like "professor", "director"...

*Master is top of the pile

More than fear...
Its their training for submission
In india its very evident

Joachim M Werdin : Yes, I believe you, it is different in India,
but also in China, especially when we talk about spiritual master.

*Student bows to master teacher
Who's every word is bible truth unshakable.. Unquestionable.. immutable..

Kind of opposite to your intention isn't it

Joachim M Werdin : You read it at the beginning, that I see myself just as a simple man,
a simple man sharing information.

* Anyway.. i told you first only
Its my personal preference

Not suggesting or questioning to you anything

Joachim M Werdin : Ravi

what exactly the word MANTRA means?
The English transliteration is "MANTRA", I do not know how to write it in Sanskrit.
I would like to know exactly what the roots in this word mean.

Are there two roots? MAN and TRA ?
If yes, then what is the exact, ancient meaning of each of these roots?

*"MAN" is mind.. emotional mind - not intellectual thinking
"TRA" has to do with tantra - action-practice..

"TRA" is giving it work.. though trap is english it has that feeling

we trap the mind so that it gets bored and dissolves/slips into silence.. ☺

ancient rishi-sages found that minds habit is to get stuck..
for example a song or a quote replays in our heads all day if we like it
so they used this weakness to trap the mind & tire it out..

the mantras themselves have huge intentions n energy fields which are beneficial
but that is not the true goal

the goal is to slip into nothingness TC

Joachim M Werdin : Does the "MAN" root have only one meaning ?

* [I will look it up in a dictionary..]

Joachim M Werdin : Ancient words often have explanation with a story they contain.
When you understand the story, based on analysis of the word's root,
you can find out how the specific technique work.
Thus, if we can find out the real meaning of both roots in "mantra",
we can have an idea how that technique works, as explained by the ancient creators.

*is it so in other religions.. hmm.. yes lot of stories..
and I always loved stories.. and studied them also
but I would say the teachers tell stories when they don't know the simple answers
truth is simple.. ☺ ..Hahaha

Ok
"MAN" -

Pride, belief, assumption, imagination, fancy, conceiving, opinion, consideration, regard, view, understanding,
knowing, perceiving, regard, inclination

Verb -
Think, reflect, ponder, intend, wish, hope, focus, desire, aim, examine, analyse, investigate, inquire, question,
Honor, respect, value, esteem, agree, permit, allow, approve, concur, agree, assent, sanction

Following are confusing variations depending on sentence variations n usage -

To consent to, to act upon
Also -
devalue, despise, slight, dismiss,

and then –
It could be the short form of..

"MANAN"

thinking, reflection, meditation, cogitation, intelligence, understanding, inference, reasoning, conjecture, guess

Or

"MANAS"

Mind, heart, emotions, love, perception, sensing,

Or others..

"TRA" is not listed in the dictionary

"TRAPTI" is to - reach, achieve, attain,

..But this is also not there in moms dictionary..

“TANTRA” is –

Doctrine, rule, theory, science, treatise, teaching, formula, worship method, magical ritual, remedy, charm, spell, drug, medication, oath, ordeal, right way of doing, order, discipline,

Control, govern, rule, support, maintain, realm, country, authority, ruling, administration, army, multitude, house, wealth, happiness, maintenance,

Also... (but)..

Subservience, dependence

Loom, thread, warp, series, system, framework, ritual, string, cord, bow.string, wire, sinew, tail

[Also im not an expert.. studied hindi in tenth class]

Joachim M Werdin : "Wow!

It looks to me that Sanskrit is quite difficult.

Thanks for explanation.

So, what to do now? Just choose one of those meanings?

*"MAN" is mind.. "TRA" is train.. its as it is in the English sound also ☺ hahaha

oh i found it.. just a few days back I had re-read some notes..

SHIVA SVARA YOGA – by swami Muktibodhananda

"MAN" - is contemplation/meditation.. perception of the sound of breath..

"THRA"- is liberation/ freeing ..of the consciousness - <?? ..SvatanTra?>

"MANANA" is refection.. thus liberation through reflection

Joachim M Werdin : "Hm, that might be the result of his personal mediTation about "MANTRA".

*Yes.. ☺

see - for translation - from any language to any language

there is always a degree of flexibility that is lost to unenlightened individuals

thus

within bounds you are totally free to manipulate meanings to attain the deeper essence-meanings

that is how i have freed myself to translate based on a few other people's translations

as long as we have some clarity in the topic or the authors own views..

Joachim M Werdin : Indeed.

*here I attach something to read in 2 minutes i just compiled it from 2 sites..

stages of "SAMADHI" as indian for "Enlightenment"

though many truly realised masters say there are NO stages..

they only recognise the final nonduality-totality-wholeness-oneness "KAIVALYA"

here it totally requires only the **Grace** of That ..only ☺

Joachim M Werdin : "SAMADHI" is it "SA-MA-DHI" ?

What do the roots mean, please?

I wonder if it says anything about light, place or mind.

*No its.. "SAMA – DHI" ...

Its not to do with the nature of experience but the level in that stage of yoga

"SAMA".. is equivalence, evened, balanced, leveled, equated, reached, identified, etc

"DHI" .. is just 'That'

SAMADHIs are the attainments of equivalence experiences with That

"DHI".. could also be used as short form of ..

"AADHI".. primordial, original, origin, absolute, source

Or..

"DHIMAHI".. lord, king, god, ruler, master, leader..

*if you want to break it up your way though ..

"SA.. MA.. DHI.."

"SA".. is a prefix meaning good..

"MA".. is mother..

"DHI".. is original-primal or lord-god

so "GOOD-MOTHER-GODDESS"

mother goddess.. mother universe secret cult origins.. maybe.. hahaha ☺

Joachim M Werdin : Wow, interesting explanation.

Is there anyone who really understand Sanskrit?

Thanks.

*What i told you is the essence from many books

Look up Sivananda website.. He is one of better brahmin explainers

Next you could try vivekananda or Ramakrishna groups..

Also one person will tell you only their one view that they have been taught..

None will be the same..

I shared the few meaningful possibilities

The true meaning is in the attempt at descriptions as i shared in the 2-page compilation earlier

Words are tiny things

And i have little respect for the present Vedas

They are an complete adulteration now of true yogis n rishis sages very ancient experiences

In the middle of huge volumes of rubbish

We find some few missed -to-adulterate few sentences – from these we can know the originals were Great!

Joachim M Werdin : Is that what you know or you believe to?

Sounds interesting to do more research.

Aryans are mongoloid chinese who gradually infiltrated n overtook vedic peoples n adulterated as they did with all religions n beliefs.. throughout the whole world .. its their discreet global empire

You should be looking n digging up n sharing to us Chinese-Taoist history and wisdom records

Do you have any such to share

Please do.. Taoist or even older

Any details..

Thank you

Joachim M Werdin : As far as I can see, these ancient materials are not found on the Internet, or they are here but manipulated.

*yes

Joachim M Werdin : If looking for the ancient **Dragon-Race**, you would have to know the ancient Chinese characters and then go to libraries, if they still have those ancient writings.
I guess it might be similar with the Hindu ancient teachings.

*yes.. here they were called **Naga** ..in the Pacific **Naacal** .. in Mexico **Nagual**..

But they are also not all that old.. pre-Vedic.. their snake stone idols are still spread all over villages everywhere

Anastasia says money was invented by pharaohs – priest kings around 1k bc or so..

so that slaves would slave to “earn” money.. and be “independent”.. to buy the same dry bread they were being fed as slaves.. Instead of growing their own fresh bread..

So that.. The slaves would stop rebelling ..!

Thinking of themselves as free, not slaves..

Joachim M Werdin : Well, you know, or maybe you don't :)

there are many debunked hypotheses. "Debunked" does not mean truth was found.

Things get debunked, especially in mass media, for a variety of reasons, not always for truth.

*so true.. 80-85 pc of information on internet is misguiding or outright lies

Joachim M Werdin : I would risk a conclusion, that $2+2=4$ is also debunked, but still, in defined circumstances $2+2=4$ is still true. ☺

* ☺

Joachim M Werdin : Well, let people debunk and let us still research and draw our own conclusions.

Joachim M Werdin : Truth, same as knowledge, is relative to circumstances, therefore the debunked may be different view from different circumstances.

*and in the largest wholest perspective all the views the true and debunked are all included! Haaha..

Joachim M Werdin : One day, I was watching two politicians in a discussion.
Then one of them told the other: "You are zero."

Wow! -- was my reaction? How is it possible that a stupid politician knows the truth?

☺

*.. and who am i.. nobody..

Joachim M Werdin : Yes, please, tell me, who are you ? ...Really??

*Hahaa oldest question

..U know it master

Joachim M Werdin : ☺

*few of my friends already liked your book.. thank u..

Joachim M Werdin : Master ..

Great !

:)

<http://servilo.website.pl/teksty/HumankindFundamentalTeachings.pdf>

you can use this link, **book** on my forum also, sometimes it is updated:

<http://forum.breatharian.info/viewtopic.php?t=1220>

*one lady wants to join your online course.. im not sure you have something..

Joachim M Werdin : No, I do not do that because I prefer personal contact.

*i gave her your email.. she has friends.. hope she may invite you to india ..haha

Joachim M Werdin : Wow. Last time I was living in India was in 1989, for a month in Bangalore ☺

I remember we went to visit **Sai Baba** and he looked at me so long time.

He told me, "that is all right what you are doing, and I may help you sometimes". Then, he did, as he promised, within next several years, in a few dreams, gave me some useful information. Nice man ☺

*my meditation teacher here was also astrally helped by sai baba some times

But his books are for beginners.. and I personally much prefer the original Shirdi Sai Baba..

Joachim M Werdin : I tell you, Ravi, I miss India. I would love to travel throughout the entire big country, as I did many years ago. Stay in people's houses, make friends, etc.

I would also like to go to the leaf-library in ... was it Bangalore? ... where they read your life.

*i think that was madras.. or mangalore.. palm-leaf library

welcome anytime :)

Joachim M Werdin : Thanks. Maybe later, in a few years time ☺

*<3

Joachim M Werdin : [Another million rupees question]

☺ [you may get rich soon] ☺

Which is the number one most followed religion on Earth?

*Money

...Education also..

But with the poor that is also mainly for a job
So.money

Am i wrong...

Joachim M Werdin : Ravi, no need to rush, relax ☺

Ohhhh...

Sorry

Haha

Got it...

I was thinking within this life-game

This whole reality-game.. thats the biggest religious belief in this “physical reality”

Built over millions of years of brainwash n powered by billions of believers..

In this limited physical video-game life

Hahaha

Got it

[Did i miss the buzzer though.. heheheh]

Thank u..

This is so much fun

Lov u

<3 ☺

Joachim M Werdin : Science

*Yes.. science.. material science

*But ...science science comes much later in the game
And science is also controlled by money
Before science was invented ...it was education
Religion controlled education & sciences of various types.. before money did..

Joachim M Werdin : ☺

*Before religions it was shamanic teachings of the ways of the world..
Belief in “reality” being “real”.. the world being the way it is
...much before the invention of the word science

So we are saying the same thing..
...But the use of science goes back way before the invention of the word itself

All these methods are used by the same people.. throughout history
For brainwash n enslavement
All methods are used
Religion n science n money n education n media n military n money n laws n beliefs n customs n superstitions
n health n drugs n sprays n lies.. etc etc
By the same people

Jathin 2: And there is bhima Koregaon case. They are putting intellectuals to the death gallows soon

*No worries . . We are adaptable

Worried about others.. peoples..
and
Nature..

Erfan : Hi bro.
maybe nature can go rest for sometime..

*:Do you think factories have shut down! . . they do the biggest damage to ecology

. . Not people or traffic or public pollution
Since long i have said this is just an eyewash.. now its been proven as true.. in china with the corona lockdown..

They will mechanise and restart the factories.. with or without people..
without any restrictions.. This will triply impact ecology

Joachim M Werdin : In fact china has already been fully operative since over a month

* meanwhile nothing has any beneficial results
People are only keen on money..
while climate catastrophe n all-species [including humans] extinction is still staring us directly in the face

Joachim M Werdin : Yes, my Beloved Ravi,

things are playing out in front of our eyes.

☺

*Im just keeping a few friends prepared
To anyone open to listening ☺

Jathin 2: The Indian government is banking on peoples fear paralysis to take control of them.

*Now

They have upgraded methods incredibly..

*ita a Peaceful global war.. or should I say global prison camp
With the fear of virus we incarcerate ourselves

Jathin 2: there are so many lies and rumors about the virus yet noone has seen anything directly.
People are only talking of increasing numbers.. no facts..

*yeah..
..no need of hitlers military camps
Everyone is monitored and controled
Food supply is limited
Work is easily controled
Soon we will get used to this new way of life.. as in china

Rulers are free to do as they please.. unseen..
With most international laws abolished n parliaments/senates ignored

Also we pay for it all ourselves.. govt simply promises.. we don't see a coin..
Rulers tax our help also .

gregory lent :

my god, ravi, hush your mind, you don't need to know all these things, do some pranayama, some meditation,
call in the light ... locked down = opened up, if you do it right :-) ... om

*: im worried about the billions of deluded people still following the “blind” pied piper into a suicidal grave
Saving a few who wake up is never satisfactory for me.. i want all happy.. all..

gregory lent :

sshhh , keep quiet, swamy, don't let all this be in your mind .. if you must do something, call in the light :-)

*Keeping quiet wont solve anything

Thats the Chinese Taoist philosophies “While **Doing they do not do..**”

In the west they mess it up and apply it too literally

N think that lazy is free.. Which is a bigger lie..
as it's the desire of the system rulers to have small minded and weak slaves who are too numb n dumb
to see their own inner power and true freedom

Haha

Joachim M Werdin : Interesting, even if you remain doing nothing, you are still deeply involved.

*In fact really doing nothing itself is the biggest statement ...Refusing of joining the system..
my friend said in America the govt eliminates nothing-doers.. off-gridders..
Poison madness drugs jail murder..
They are a threat to the established belief in communal status quo of the system

Joachim M Werdin : Indeed, this game has innumerable possibilities to experience it.

* Definitely .. hahah ☺

Joachim M Werdin : Ravi, you are the Master, you decide !

*Im just trying to keep a few friends prepared in advance.. atleast subconsciously ☺

Joachim M Werdin : Ravi, all you do is useful, of course.

*Doing nothing much is also better for the environment..

Chinese Aryans are brahmin baniyas.. all brahmins are baniyas.. businessmen from ancient times
Not teachers.. liars

Sagar: they are striving to acquire power and knowledge not **to serve people by Heart**.. only for more money .
Their attitude displays it in great clarity

*: haha ya

So... **that is the solution . . With LOVE we counter** their isolation goals

: **Love n simple living**

: ♥ □

Sagar: For sure. □ □ ♥ □ ♥ □ ♥ □ ♥ □

*Lets see **there is hope**....

: Anyway... we try our best

: Allow free choice to the rest ☺

Yohann Chandy :

Everything is **going to be alright** in the end.
If everything is not alright
Then it's not the end. ☺

*Hahahaha superb.. good one ☺

“When surrounded with news some false some true,
Where the total truth is yet to be known,
I stay in my center and **calmly connect**,
With my friends in the eye of the storm.”

*Love you

Joachim M Werdin : ☺

I Love you too.

-Joachim

* thank you ☺
